

Hello,

My name is Joanna Davis. I co-own the Applegate River Lodge and Restaurant in Applegate Oregon. WE built our Lodge 10 years ago. WE wanted to have log furniture in all the rooms and the first place I went was Kauffman Wood. I am so pleased with all the beautiful furniture we ordered and we have a lot. Each room has headboards, dressers, tables, etc. and they add so much to our Lodge. The quality is superb, very durable. People love the uniqueness of the furniture.

I highly recommend Kauffman Wood for any or all your wood furniture needs. He also makes beautiful arches and hand railings.
